NOTICES.

FOR A PAYMENT OF ABOUT FIFTEEN RUPEES a MONTH a man of good health, aged 20, may secure in the Standard Life Office a sum of FIVE THOUSAND RUPEES, payable at the age of 55, or at death should it happen beforehand. It is an advantage to effect Provisions of this nature EARLY IN LIFE, as by delay the rate of subscription increases; death may occur before the provision is effected; or health may fail and render the life ineligible for assurance.—Standard Life Office, Bombay, Jan. 1882.

PARMESAN CHEESE, in bottles, Eleme and Turkish delight, 1 lb. tins, PEARSE, Rampart Row.

FRIDAY EVENING, FEBRUARY 3

THE Bank of England weekly returns published yesterday show that there has been a severe drain on its resources during the week. The reserve of notes had decreased by £1,700,000, the stock of Bullion by £1,600,000, while the amount of Bills discounted had increased by £3,400,000. The proportion of Reserve to Liabilities had gone down from 39 per cent., at which it stood last week, to only 31 per cent. Consols, Indian Sterling Loan, and Rupee Paper are all quoted the same. Oriental, Chartered, and Mercantile Bank shares are all given as 10s. lower, while Hong-Kong have advanced from £49 to £49-10.

Our market here for Government Paper has been more active, and a fair business has been done in 4 per cents. at 100 11-16, but at this rate we close rather weak. In 4½ there is nothing doing, and the nominal rate is about 108½. Port Trust Bonds are saleable at 98½.

Spinning Mill Shares are in active demand, and prices are in all cases quite firm, and some a little higher. Parell, Alliance, Great Eastern, and Oriental have all advanced Rs. 5 per share; Coorla, Jewraz Balloo, Khatao Mucconjee, and Morarjee Goculdass Rs. 10; while Dhurumsey have advanced from Rs. 505 to Rs. 520, and M. Petit from Rs. 1,380 to Rs. 1,400. Press and other shares are in fair demand and steady, but we do not alter our quotations.

EXCHANGE is firm for Bank and short bills, but long-dated paper is higher than we quoted on mail day. Present rates for this month are:—

	Demand.	3 months' sight.	4 months' sight.
Bank	1s. 3d.	1s. 3d.	1s. 3 9-16d.
	3 months' sight.	6 months' sight.	
Credits	1s. 3 21-32d.	1s. 3 29-32d.	
Documents	1s. 3 23-32d.	1s. 3 31-32d.	
Francs	217½	219½	

Forward rates close rather weaker. For March Credits can be sold at 1-8 9-16, and for April and May the Banks are more willing buyers than they were yesterday. Francs for March can be done at 216⅜. We may mention that Calcutta telegrams of yesterday quote 6 months' Credits 1s. 9d., and 6 months' Documents 1-9 1-16.

COTTON.—Liverpool unchanged yesterday, sales 8,000 bales. New York gives receipts only 11,000 bales, and April futures up to 12·66. Our market here is consequently strong to-day, with a fair amount of business offering and put through at about one rupee over yesterday. Good and Fully Good Fair Oomras have been placed at Rs. 193 and Rs. 183 respectively. Broach also has been in some inquiry at Rs. 226 for March, and Rs. 228 for this month's delivery. The arrival quotations given from home are:—

Oomras, Good,	March shipment,	Canal	5½d.
Broach	March-April	,,	6 1-32d.
Dholera	Feb.-March	,,	5 5-16d.

Manchester is quoted quiet but steady; no change in prices. Here an improved business is still doing in the Bazaar, though perhaps not much of it has reached first hands. The demand would be much more active if we could only have a little greater ease in money. It is said that Hoondies at 60 days' sight on Agra and Delhi can only be cashed at 5 per cent. discount.

FREIGHTS are steady. The St. Albans and Clan Alpine have made some engagements at 37 6d. for Liverpool, and the London rate via Canal is the same. The steamer Maruna has been put in the berth for Liverpool, February loading, at 38-9d., and the ship Eastern Chief has made some further small engagements for London at 47-6d.

NOTICES TO CORRESPONDENTS.

"A NATIVE."—Your method of settling the Kohlapore succession would be decisive, but we really do not see what the unfortunate Maharaja has done that the Government should either "shoot him down or administer poison."

"A WELL-WISHER OF ALL" writes to call attention to the cruel practice of carrying fowls with their heads downwards. He thinks the inspectors of the S. P. C. A. perform their duties well and satisfactorily, but their numbers are inadequate to detect all the cruel practices which prevail. Considering the importance of the work, in his opinion quite as essential as the repression of crime, he believes the number of inspectors should be increased.

The Bombay Gazette

SATURDAY, FEBRUARY 4, 1882.

IT would be hardly possible to exaggerate the grave importance of the intelligence which reaches us by telegraph respecting the Egyptian crisis. The course of events is disquieting both at Cairo and Constantinople. At the Khedival capital the penalties of trifling with mutiny are becoming painfully apparent. Arabi Bey from being a disorderly rebel, developed into a minister; and now by dint of the tactics which gave him a portfolio for a colonelcy, he is about to obtain the military control of the country. The accession of the so-called "National" party to power would be neither more nor less than a declaration of war against the Anglo-French control. Disguise it how we will, the movement of Arabi has from the outset been simply an attempt to eject England and France from Egypt. As such it was regarded by Mr. Sidney Colvin; and it must be admitted that the results have justified the wisdom of his advice to Tewfik to resist the rebels with all the resources at

We have received the following interesting item of news from the Press Commissioner's office :—

"A British steamer called the Pearl, under the command of Captain Raffin of Bombay, arrived at Muscat on the morning of the 15th December last with 240 return pilgrims on board. She left Jeddah on the 26th November last, bound for Bombay, but having encountered bad weather in the Gulf of Aden, she was delayed on her voyage and ran short of coal, provisions, water, &c., in consequence of which she was obliged to make for the port of Muscat. The coals were all finished when she was about 40 miles from Muscat, and in order to keep up steam, two of her boats and some superficial wood fittings had to be broken up for fuel. The same morning the mail-steamer arrived at Muscat, and the pilgrims, most of whom were Bokharies, wished to be sent down to Bombay on board her, but as Captain Raffin had no agent at Muscat to pay for the necessary expenses of the passages, their request was refused. When the mail-steamer left, the pilgrims on board the Pearl became mutinous, and threatened to murder the captain and the officers. The local authorities, however, sent some armed men on board, and on the morning of the 19th December all the pilgrims were landed at Kelboo. Meanwhile the owners of the Pearl in Bombay had been communicated with by telegram, and on the 22nd 170 of the pilgrims were shipped on board the mail-steamer which left on that day for Bombay. The Pearl was surveyed at Muscat by the officers of H. M. S. Dryad, and left for Bombay, with the remaining pilgrims, on the 23rd December."

The Bombay Volunteers Rifle Association annual meeting will probably be held this month, or early [illegible] are surprised to hear that sub- [illegible] this year as [illegible] evi-

Colonel Gordon's memorandum on Egypt is interesting and suggestive. The *Pall Mall Gazette* [illegible] it is very satisfactory to hear on such [illegible] authority of the good qualities of [illegible] and it is reassuring to find that [illegible] believes the formation of the [illegible] which apparently had not [illegible] is memorandum was written— [illegible] for good and not for evil. But [illegible] posal, that of amalgamating [illegible] suls-General, and making the [illegible] ngland and France Residents [illegible] Khedive, is open to the fatal [illegible] direct assumption of the con- [illegible] by the official representatives [illegible] uld probably lead to an at- [illegible] the other Powers who also [illegible] at Cairo to exercise similar [illegible] situation is anomalous and [illegible] degree. But any such at-

men have presented handsome prizes in kind to be shot for at the B. V. R. A. meeting. Messrs Treacher and Co., Messrs. Favre, Leuba and Co., Messrs. Marcks and Co., Messrs. Cruddas and Co., Messrs. Thorpe and Co., Messrs. Nansee Khyraz and Co., have all offered prizes, but for some reason, other houses who gave prizes last year have not done so this year. We particularly notice the absence of Messrs. Hamilton and Co.'s name from the list, which is the more marked, as we see they presented the handsome prize of Rs. 300 to the Calcutta corps. But the chief deficiency this year, we believe, is in the money subscriptions from the general public, which are at present far short of those of last year. Bombay does not like being considered in any matter behind Calcutta, but it is distinctly behind Calcutta in the support it accords to its Volunteers.

It is reported that the guard of the goods-train has died from the injuries he received in the railway accident near Shekoabad.

Captain Okeden, Private Secretary to H. H. the Lieutenant-Governor of the North-West Provinces, we regret to hear is compelled to proceed to England on account of his health. He is to be brought before a medical board at once.

An official communiqué informs us :—"The Joint Commissioner at Leh has recently sent to India a sample of Russian cloth which is now extensively sold and used in Yarkand. He says—'It certainly is better than any cloth of British manufacture received in Leh. The cloths received in Leh from the Punjab are yearly becoming of an inferior quality, and will be driven out of the Central Asian market altogether in a few years.'"

The 3rd Bengal Native Infantry, which have just been directed to return to India from Gulistan and Khushdil Khan in the Quetta district, are under orders for Banda and Naugong. This move, it is considered, rather favours the report that is gaining ground regarding the formation of a brigade at the latter station, and that more Bengal troops are to be quartered in that part of India. Banda for some years has been garrisoned by Madras troops, and no Bengal Native Infantry have been quartered at Naugong for some years.

The prospect of Peshin and the Khojak Amran Range being retained, at least for some time to come, has been assured, the *Pioneer* states, by the firm attitude of the Indian military authorities. The Quetta brigade is now on the peace footing which has been sanctioned by the Government, and further reductions are not contemplated. When the hot weather sets in, the entrenched camp on the top of the Khojak overlooking Chaman will again be occupied ; it will serve admirably as a sanitarium for the troops at Peshin and Quetta.

General Alexander Cadell, R. E., Inspector-General of Military Works, is expected to retire under the Warrant of September, 1878, *i.e.*, on £1,000 pension and bonus.

Major Boyd, who was wounded by fanatical Cacharis in the attack on Mywung, died from the mortification of the wound he received.

Mr. Clive has been appointed by the Government of India to officiate for Mr. Halsey. The Allahabad paper says Mr. George Batten's leave expires on March 2, and if he does not return to India by that date he will have to vacate his appointment. He is, we are sorry to hear, still in such bad health that his return is regarded as impossible.

With reference to the subsidy of 100 lakhs of rupees said to have been promised by Sir Lepel Griffin as a reward to Abdul Rahman for kindly taking over the Amirship, the *Pioneer* learns that "no promise of such an enormous subsidy was ever made. Abdul Rahman has evolved the idea out of his inner consciousness. He was really told that 20 lakhs would be made over to him as an earnest of British good-will, and that further support might be given him if circumstances justified the extension of our generosity. As by this time he has received upwards of 40 lakhs, in addition to presents of arms and ammunition, he certainly has no cause of complaint against the Government. That he will 'ask for more' is of course a foregone conclusion, particularly as he is under the delusion that he sold himself for 100 lakhs."

Major Shakespeare, who has just been appointed to succeed Lieutenant-Colonel Kauntze as officiating 2nd in command, 11th Bengal Lancers, has only served with the 12th Bengal Cavalry, to which he was appointed in June last year, for a month or so, as he only vacated the Deputy Assistant Adjutant-Generalship at head-quarters in December. In all probability there will be a run of promotion in the 11th B. L. during the current year, as it is believed Colonel Boyle does not intend to return to this country, and Major Bax, Squadron Commander, will only do so for a short time. Therefore the permanent 2nd in command will no doubt, says the *Englishman*, fall to Major Shakespeare, whilst Lieutenant-Colonel Prinsep will succeed to the command. Colonel Boyle's furlough expires in July, and Major Bax's this month. The latter officer has served with this regiment ever since 1865.

The *Pioneer* has "good authority for announcing that the Bill which is required to give effect to the scheme of Army reform in India is now being prepared in England, but its fate will depend so largely upon party considerations that it would be unwise to speculate upon the length of time that may elapse before it actually becomes law. The Governor-General and his Executive Council have recorded their opinions very fully indeed upon all the important sections of the Army Commission Report, and the recommendations based upon these opinions have for some time past been in the hands of the Indian Secretary of State. The forthcoming Budget, however, will not show any sudden reduction in military expenditure for the year 1882-83, as the estimates have been framed on the usual lines, owing to the uncertainty which necessarily prevails in regard to the action of Parliament. The formation of four Army Corps and the redistribution of minor commands will, it is known, effect a considerable saving ; and if, in consequence of these steps being carried out, during the current year there should be a surplus in the hands of the military authorities, no anxiety need be felt as to its disposal. One might almost expect to see it applied to the completion of the Quetta railway, or at least to the making of a good military road through the Bolan—a road so constructed that it would be far removed from damage by floods or landslips."

A recent despatch from the Secretary of State for the Colonies announces that the Church of England is to be disestablished in the Straits Settlements on the same terms as those agreed upon for carrying out this object in Ceylon. All present chaplains will have their vested interests provided for. The total population of the Straits Settlements is stated to be over 300,000, with a Christian population of only 9,000. Of these latter only 749 are registered as attendants at the Established Church, the present cost of the establishment being £2,800 per annum.

We *Academy* are glad to hear that a memorial to the Secretary of State for India is in course of signature, praying that Mr. Fleet should be commissioned by the Government to carry on his studies on Indian inscriptions. These inscriptions, apart from their palæographical value, are almost the sole means left to us for the reconstruction of the early history of the country ; and Mr. Fleet is the one man now in India who could do the work. We understand that the signatures to the memorial will be headed by that of Sir E. Colebrooke, M. P., president of the Royal Asiatic Society. It is to be hoped that it will meet with favour. In this connection we may also mention that the Academie des Inscriptions et Belles-Lettres has just passed a resolution calling upon the French Government to send M. Aymonier to examine the inscriptions of Cambodia.

Says the *World* :—Most sensible Frenchmen wish well to the Société de l'Anti-Duel, which has just been founded ; but their reputations lay far behind their wishes. "We shall never drop duelling until every Frenchman knows how to fence," is the verdict of a distinguished Frenchman who can fence, but has, nevertheless, been "out" half a dozen times. Meanwhile, the fencing-foil is making its way into the most exalted official circles M. Gambetta devotes himself to *tierce* and *carte* in obedience to a medical mandate—which does not seem to have benefited him much as yet. M. Grévy is becoming a little too stiff, even for billiards, but he has just had the chief conservatory of his presidential palace arranged as a *salle d'escrime*, and here three times a week, his son-in-law, M. Wilson, Fourneret, Andrieux Camescasse, the Prefect of Police and other political notabilities, pink and prod each other vehemently for several hours while the host, his wife and daughter look on and applaud the thrusts.

Republique Francaise has the following on the English and Egypt :—

The English Press, especially the *Times*, has been greatly exercised about a letter purporting to be addressed to the last named journal by Colonel Arabi Bey expressing the ideas and explaining the political programme of that officer. In it he declared himself an advocate for Egypt of a constitutional Government with ministerial responsibility and the elimination of European functionaries, the whole tempered by a military dictatorship with him for its chief. The *Times*, with the gravity and ability for which that journal is remarkable, has commented on and dissected the programme of Colonel Arabi Bey. As for ourselves, we confess that the letter appeared so strange as to warrant us in suspending our judgment in which we have been justified by the event, for it is now announced from Cairo that Colonel Arabi Bey, more familiar with the sword than the pen, has not written any manifest whatever, and that his letter to the *Times* was entirely apocryphal. It proves to have been the work of an English traveller who, inspired by zeal for the national party, substituted himself for the Colonel in question to whom he attributed ideas which, in his opinion, he ought to entertain if he did not. Political travellers are nowadays one of the most notable articles of English exportation. Whenever a young man who takes an interest in public affairs in England fails to comprehend any foreign question, he acts like the young deputy who lately published the secret of the Tunis affair after a week's sojourn there. Travelling is the best education for youth—he starts for the country which excites his interest ; on landing there he falls into the hands of a clique, and then seizes his pen and fills the columns of the journals of his country with his impressions, or rather the impressions of those whose mouth-piece he becomes. There are several of these political travellers at present in Egypt. They have taken Arabi Bey under their protection and have written to satisfy about his sayings and doings. In the matter of this apocryphal letter they have perhaps gone too far and given an undeserved blow to the so-called Egyptian national movement. It turns out, in fact, that this national movement, such as it has been represented by this fabricated letter, is simply the creation of the brain of an Englishman. Now, whether or not the Egyptians can be justly credited with ability to explain their aspirations, it is certain that no credit should be given to the opinions of a passing foreigner who, in this instance, has obviously meddled with a matter which did not concern him.

THE VOLUNTEER FANCY BALL.

There is perhaps no form of amusement more enjoyable than a ball, especially a well-arranged fancy ball ; and last night's was as well arranged a ball, fancy or otherwise, as we have had the pleasure of attending in Bombay or elsewhere. All the arrangements were admirable. The hall was prettily decorated and well lighted, the canvas on the floor was stretched to please the most fastidious dancer, and all present appeared to enjoy themselves thoroughly. A great number and variety of fancy dresses were worn, and when the ball became filled, it was a very pretty scene, as the bright costumes moved about in lancers, schottische, polka, or quadrille. There were very few black coats to be seen, almost every gentleman present appearing in either fancy dress or uniform. Many ladies wore evening dress, but there were a good number also in very effective costumes. We may mention specially a charming Irish girl, a fair maid of Castile ; a couple of bright-eyed and very richly-attired Mogul ladies ; several ladies of past centuries when powdered hair, high rouging, and patches were in vogne ; a Greek damsel gorgeously arrayed in cloth-of-gold ; a Turkish lady ; and several fair Parsees. The palm amongst the gentlemen's dresses should probably be awarded to "Buttons," though the gaudy Jeames ; a blackavised and black-clothed villain ; a Neapolitan fisherman ; a warlike Pathan in full battle array, with his long-barrelled gun slung across his back, a tulwar by his side, and a formidable-looking knife in his belt ; a charity school-boy ; a gallant Garibaldian ; one or two British tars ; and a Spanish matador ran rather a close race with him for first honours.

The members of the Decoration Committee are to be congratulated on the pronounced success of their efforts to make the hall attractive. The walls were draped with flags, and further adorned with coloured monograms "B. V. R." and leaves ; and the huge white fluted pillars had their ugliness hid by wreaths of evergreens and graceful palm-leaves. In front of the organ was a pretty trellis-work bearing the Royal Arms, surmounted by an Imperial crown, and underneath the arms of His Excellency General Hardinge, Commander-in-Chief of the Bombay Army, and Honorary Colonel of the Corps. The band was placed in the orchestra, in the midst of an elaborate arrangement of flags, evergreens, and trophies of arms. In front of the orchestra was a row of large mirrors, flanked on either side by a huge block of ice, which, with two other twin blocks at the other end of the hall, besides having a very pretty effect, also answered the practical and very desirable purpose of keeping the place cool. Opposite the organ, across the front of the gallery, appeared the Volunteers' motto, "Defence not defiance," in large white letters on a green ground, and beneath, were the colours of the Corps, which were presented by Major Bayley. Here also was another handsome trophy for which the Corps is indebted to its gallant Senior Major, namely, the Bayley Challenge Shield, the second fight for which is to take place next week ; and under the organ was hung a second handsome silver shield, which the same officer has just got out from Messrs. Elkington and Co., and which he has announced his intention of presenting to the Volunteer who makes the best shooting in the corps this year. A very pretty and effective feature in the decorations was formed by beautiful baskets of ferns hung between the pillars which divide the centre of the hall from the sides. The hall was lighted by numerous gas-lamps fixed round the ceiling. A good change from the order of things observed on previous occasions was the removal of the bar from the verandeh at the back of the hall to a small room behind the organ, and the utilisation of the space as a promenade and drawing-room. The supper arrangements also were greatly improved. There was no rush-and-scramble "sit down" supper, but people were at liberty to supper when they pleased. The catering, which was entrusted to Mr. Pearse, was all that could be desired.

MR. J. X. PINTO, son and successor of the late J. C. PINTO, the Proprietor of the both well-known Hotels, respectfully begs to inform the public that the above Hotels are now OPENED to VISITORS. There are seven separate Bungalows attached to the Hotels, well adapted for Families, for whose comforts every care is taken. CARL... ...ON WHISKEY,
...ELEVEN YEARS OLD.
...ame as supplied to the Carlton and other London Club Houses.

THESE GRAND OLD WHISKIES are shipped only by RICHARD MATHEWS AND COMPANY, of London and Inverness, who are sole possessors of the Brand "CARLTON." They are distilled from the finest Highland Malt only, are in every respect equal to the finest Brandy, and guaranteed to be entirely free from Fusel Oil or other noxious impurities.

The following Testimonial has been received from the Secretary of the "CARLTON" CLUB.

CARLTON CLUB, 1875.
December 20.

MESSRS. R. MATHEWS & COMPY.

GENTLEMEN,—In reply to your inquiry as to whether the Whiskey you are supplying to this Club is approved by the Members, the best answer I can give is that the consumption of this spirit in the Club has GREATLY INCREASED since it has been supplied by your Firm. There can be no doubt whatever about the Whiskey being MOST EXCELLENT.

It is old and soft, and I may safely say that it is much approved by the Members.

CAUTION.—It has come to the knowledge of the shippers of the "CARLTON" WHISKIES that the empty bottles have been dishonestly refilled with the poisonous trash very often sold in India under the name of Whiskey, this is therefore to caution consumers to carefully examine the Capsules and Corks to see they have not been tampered with; also that the Corks, Capsules, and Labels are branded with Trade Mark.

ZOEDONE! ZOEDONE!

A COOL, SPARKLING, DELICIOUS, NON-ALCOHOLIC BEVERAGE FOR DAILY USE.

ZOEDONE—Possesses both Tonic and Bracing qualities.
ZOEDONE—Invaluable to those recovering from Fever
ZOEDONE—Or Weakened by Sea-sickness,
ZOEDONE—Or those suffering from the enervating effects peculiar to the Indian climate.

ZOEDONE—NORMAN KERR, M.D., F.L.S., under date August 8, 1881, writes:—

"My good opinion of ZOEDONE as a social drink has been amply confirmed by further observation."

ZOEDONE—WILLIAM FOSTER, M.A. (Cantab), F.C.S., &c., Professor of Chemistry at the Middlesex Hospital, Sept. 1, 1881:—

"Its properties are those of an agreeable effervescent tonic."

ZOEDONE—SYED MAHOMED NABI ULLAH, of Allahabad, N.W.P., writes on 1st December, 1881, as follows:—

"Accept my sincere thanks for your idea of introducing ZOEDONE in India. I fear I cannot praise it enough. You know that a vast population of Her Majesty's subjects in India are Mahomedans, whose religion prohibits the use of wine or any other intoxicating liquor. Under such circumstances ZOEDONE is a boon and blessing to them. I think it is a health restoring, strengthening and nourishing beverage. From my own experience and from what I have ascertained from Medical men, I can certify that it is strictly non-alcoholic, and the very drink that the Indians generally and the Mussulmans particularly are in need of."

Price at Agents' warehouses, at Ports of Landing, Rs. 3½ per dozen, in cases of 6 dozen pints.

BEWARE OF THE SPURIOUS CONCOCTIONS NOW BEING ADVERTISED.

HEALTH, STRENGTH, AND ENERGY.

DR. LALOR'S PHOSPHODYNE!

Discovered and so named, A.D. 1862, by R. D. LALOR, M.D.

To residents in India, China, and the Colonies it will prove invaluable as a Reliable Liver Tonic and a Vitalising Restorative.

DR. LALOR'S PHOSPHODYNE

Is a Pure Solution of Phosphorus, pleasant in flavour and appearance, being a perfectly Bright Liquor, combined with Vegetable Alkaloids, possessing marvellous Curative Properties, the Wonder of Modern Chemistry, free from all Dangerously Active Drugs; innocent in its action, and pronounced by the highest Medical Authority to be unequalled for its power in replenishing and elaborating the Vitality of the Body; by its supplying all the essential constituents of the Blood, Brain, and Nerve Substance; and for developing all the Powers and Functions of the System to the highest degree, thereby checking all wasting of the Vital Fluid, and the more Exhausting Wear and Tear of Life resulting from Overtaxed Energies of Body or Mind, maintaining that Buoyant Energy of the Brain, Nerveus, and Muscular Systems which renders the Mind Cheerful, Happy, Brilliant, and Energetic.

DR. LALOR'S PHOSPHODYNE

Surpasses all the known therapeutic agents of the present age, for the Speedy and Permanent Cure of all Derangements of the Nervous and Blood Systems.

Nervous Prostrations, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Lack of Energy and Appetite, Nervous Debility in all its Stages, Softening of the Brain, Paralysis, Pains in the Back, Sleeplessness, Affections of the Kidneys, Urinary Deposits, &c., Asthma of Vital Power, Skin Diseases, Rheumatic Gout, Wasting or Withering of the Muscles, Impure and Impoverished Blood, Premature Decay and all morbid conditions of the system dependent upon the deficiency of the vital forces arising from whatever cause

THE ACTION OF

DR. LALOR'S PHOSPHODYNE

Is Two-fold and Specific; on the one hand increasing the principle which constitutes Nervous Energy; and on the other the most powerfull Blood and Flesh-generating Agent known; therefore a Marvellous Medicine for Renovating Impaired and Broken-down or Exhausted Constitutions, making the recipients as vigorous as if nature had never been retarded or debilitated.

AN ALARMING FACT.

Tens of Thousands of the people of India are to-day dying from the effects of Brain-disease, Dyspepsia or Disordered Liver, which sap the springs of life. The results of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of enjoyment and usefulness, as it ought to be. There is not any good reason for this, seeing the united testimony of a great number of sufferers establish that DR. LALOR'S PHOSPHODYNE is superior to any Medicine yet discovered for the cure of Nervous and Mind Diseases, Dyspepsia and Liver Complaints in all their varied forms. The promptness and certainty of its action is such that when the fire of life seems to be dying out in the system, and the mind sympathising with the body is reduced almost to a state of imbecility, this mighty Phosphoric Restorative, by a few doses, seems as it were to lift the sufferer out of the slough of despond, and re-fruit and reinvigorate both the frame and the intellect.

TWENTY YEARS' PUBLIC TEST

Prove these facts unimpeachable, being fully borne out by thousands of testimonials from every nation and country in the world, freely offered by distinguished families, private persons, military, naval, scientific, and professional men who are well known, and who have experienced from its use all the benefits here indicated.

Dr. LALOR'S PHOSPHODYNE is sold in Bottles at 4s. 6d. and 11s., by all Export, Wholesale and Retail Medicine Vendors throughout the World.

The large and continually increasing Sale of Dr. Lalor's Phosphodyne, since its introduction in 1862, has led some unscrupulous persons to foist Bad Imitations on the Public Abroad. Read the following Notice:—

IMPORTANT NOTICE.—NONE IS GENUINE UNLESS the name DR. LALOR'S PHOSPHODYNE, LONDON, ENGLAND, is blown in the glass of each Bottle, and every Bottle bears the British Government Stamp, with the words DR. LALOR'S PHOSPHODYNE, LONDON, ENGLAND, engraved thereon by Order of Her Majesty's Honourable Commissioners; IF NOT, IT IS A FORGERY, AND YOU HAVE BEEN IMPOSED ON BY A WORTHLESS IMITATION.

BEWARE OF WORTHLESS IMITATIONS THAT MAY EMANATE FROM AUSTRALIA.

THEFT AT THE GAIETY THEATRE.—Mr. J. D. Wood, of the Government Telegraph Department, has reported to the police that a gold Albert-chain and watch, of the total value of Rs. 150, were stolen from the pocket of his coat, which he had left hanging on a nail in one of the robing rooms of the Gaiety Theatre on Thursday night last while he was engaged in the pantomime at that theatre.

His Lordship accepted the plaint as a short cause.

FIRE.—An explosion of fireworks took place on Thursday afternoon in a godown belonging to Ebrahim Hooka, situated in Shaik Ali Janjeekur-street. Some people were sitting near the godown, when it was close at hand; and they broke it open, and discovered that the roof and several boxes containing China crackers and fireworks, &c., were in flames. Prompt assistance being rendered, the fire was speedily extinguished, but not before property of the estimated value of Rs. 700 had been destroyed. The Pydownee, Mazagon, and Fort steam fire-engines repaired to the scene immediately the alarm was raised, but were not used.

BOMBAY TOWN COUNCIL.

AT the weekly meeting of the Council yesterday afternoon, there were present—Dr. Cook (chairman) Sir Frank Souter, Col. Hancock, Capt. Morland, Dr. Pinkerton, Mr. Nanabhoy Byramjee Jeejeebhoy, Mr. Nowrojee Furdoonjee, Mr. R. M. Sayani, Mr. Nowrojee Banajee, Mr. R. N. Khote, Mr. Dosabhoy Framjee.

A letter, dated 31st ultimo, was read from the Municipal Commissioner, stating, with reference to Town Council's resolution, dated 14th October, 1881, that the cost of improving the corner of the Gibbs and Gowalia Tank-roads will, as estimated, be not less than Rs. 13,944; and suggesting that as this corner is at present a continual source of danger, the necessary funds be provided from the Budget grant of Rs. 30,000 for Road-improvement Fund, "New Works."

Mr. Nowrojee Furdoonjee objected to the grant being made. The Breach Candy-road required widening more than the corner of the Gibbs-road, and yet the Council last week declined to carry out the work. There was a tramway on the Breach Candy-road also, but there was no tramway on the Gowalia Tank-road.

Mr. R. N. Khote thought the improvement was very necessary.

Sir F. Souter spoke of the dangerous state of the road at the corner, and said that although policemen were stationed there to regulate the traffic they failed to do it properly. Unless the improvement were made, European constables had better be placed on duty there. He thought the improvement might be made without taking down the whole chawl.

Mr. Dosabhoy Framjee corroborated what Sir Frank Souter said with regard to the danger of the road, but he thought that the improvement required could be carried out at a cost of about Rs. 2,000 or Rs. 3,000. He would propose that the road be widened sufficiently at a cost not exceeding Rs. 3,000.

Mr. Nanabhoy Byramjee seconded, and the resolution was carried,

The Council recommended the Corporation to sanction the expenditure of Rs. 4,000 from Surplus Cash Balance to meet the cost of extra establishment retained in the Health Department for Census work, the grant for 1881 having lapsed. The Chairman said it was understood Government would bear half the expense.

The Council was asked to recommend the Corporation to sanction an outlay of Rs. 9,100 from Surplus Cash Balance to meet the cost of reconstructing the Queen's-road footpath, the grant sanctioned by the Town Council in their resolution No. 7625, dated 14th October, 1881, having lapsed. The matter was submitted to the Corportion for sanction.

A letter was read, dated 30th ultimo, from Mahadeo Trimbuck, requesting that he may be allowed to lease the right of weighing goods with Municipal scales at the Arthur Crawford markets for a term of three years, for Rs. 200 per quarter. The matter was referred to the Commissioner for disposal, with the suggestion that the lease of the scale should be put up to public auction.

The Commissioner's memorandum was presented to the Town Council yesterday. The discussion upon it was postponed for a week.

HIGH COURT.—FEBRUARY 3.

(Before the Hon'ble SIR CHARLES SARGENT.)

A CLAIM FOR TWENTY-SEVEN LAKHS OF RUPEES.

CHARLES AGNEW TURNER *vs.* KESSOWJEE NAIK.

THE suit is brought by the plaintiff, the Official Assignee at Bombay, and assignee of the estate and effects of the late firm of Nursey Kessowjee and [illegible], to recover from the defendant the sum of [illegible]7,21,411-12-11, with interest from the 13th Janu-[illegible]at 9 per cent. per annum. Mr. Jardine and [illegible], instructed by Messrs. Craigie, Lynch, [illegible]ppeared for the plaintiff; and Mr. Lang [illegible]rity, instructed by Messrs. Hearn, [illegible] for the defendant.

[illegible]tinued by Mr. Lang.—I was [illegible]am now carrying on-busi-[illegible]firm of Nursey Kessowjee [illegible]d in 1838, and I had carried [illegible]before that year as Sewjee [illegible]ried on business under that [illegible]in partnership with others. [illegible]trade in both firms. I had [illegible]ney, and also a good reputa-[illegible]about fifty lakhs of rupees. [illegible]of the value of ten lakhs of rupees in trust; and besides that, I had landed property worth twenty lakhs of rupees, shares worth sixteen or seventeen lakhs, and ten or twelve lakhs in cash. I retired from the firm, and advertised the retirement. Nursey Kessowjee, my son then became a partner in the firm. I made over to the firm about five lakhs of capital for him. It was a present to him. I left the management of all my property in the hands of the firm, who acted as my agents. My cash, besides the five lakhs I presented to my son, remained with the firm, who paid me interest thereon. They credited me with dividends on the shares and rents of the landed property. After I retired I had no interest in the profits or losses of the firm; but I had transactions in opium with Dhurumsey Poonjabhoy on two occasions. One transaction resulted in a profit of about Rs. 36,000, and the other in a loss of about Rs. 1,50,000. These transactions were conducted on my account with Nursey Kessowjee, who kept books for me. The profit was credited, and the loss debited, to my account. The firm carried on a large opium business of their own with China. I used to sit in the firm's office for about an hour or two, and if they asked me to attend to their opium business, I did so. Opium business, to be carried on successfully, requires great care and much experience. The firm also carried on a large cotton business; but I rendered no assistance therein. The most difficult part of the opium business is in regard to the Government sales at Calcutta, in which *sutta* transactions are carried on here. Great care and skill are required to conduct these transactions. The firm furnished me balance sheets every year about the Deewalee. I was the holder of almost all the shares of the Mazagon Manufacturing Company. I held 1,700 or 1,800 shares out of 2,000. Nursey Kessowjee and Co. were the secretaries, treasurers, and agents. On the 11th January, 1878, the firm as agents entered into an agreement with Scott and Co. for erecting a building and supplying machinery. Mr. Scott assigned the building portion of the contract to the firm, who made it over to me at the same rate. Before the contract was executed I had been building a mill about a year previously. I commenced the building as a godown, and it was afterwards converted into a mill. I had a large surplus of building materials on my hands from the buildings of the Nursey mills, which I built on my own account. It was afterwards made over to a company. The value of the surplus materials from the Nursey mills was not entered in the account in rupees; and I spent about another lakh and a half in the building of the godown which was subsequently turned into a mill. I produce the building account in my book, which shows that Rs. 2,50,000 in cash were spent, besides the building materials of the Nursey mills and other sums which I subsequently paid, but which are not entered here. The firm paid the moneys, debiting them to my account. The firm have received about 2,92,000 shares in Mazagon Manufacturing Company on account of the mill. The separate account regarding the Rs. 6,83,000 for the purchase of Fleming shares was opened by the firm on my books with my permission. Nursey asked me to open the separate account, and I gave him leave. All the other partners of the firm knew of this separate account. I have had no conversation with them on the subject. The firm, who opened the account, were responsible, not I. It is headed the separate account of Nursey Kessowjee, as the firm had agreed to trade in the shares with three or four other people. It was a joint venture in Fleming shares in which I had no interest. I was very ill during the monsoon of 1834, and my life was despaired of. I decided to sell off all my shares, including a large number of shares of the four mills. My blazzaz and broker's clerk got rid of about eight-teen to twenty lakhs of rupees. Nursey brought the shares from Dhurumsey and put them round my neck, causing me a loss of about ten lakhs. When I was convalescent I asked the reason. They said they would receive the money at the Deewalee, when they would make a transfer in my favour. The firm alone were responsible to me for my shares which they sold on credit. I only knew at each Deewalee what the firm had advanced and owed to different persons and opened accounts in my books. When I spoke to them, they said they were responsible for the advances, and that I had nothing to do with them. The moneys raised by the firm on the Mazagon and Frere shares were credited to me and debited to the firm since the Deewalee of 1934. Before that the moneys received from mortgagees were never credited to me. By the new arrangement I was at liberty to receive the surplus after the mortgagees had been paid off. Except in the case of Sir Mungaldas Nathoobhoy and Hajee Esmail Hajee Habib, I received no surplus; but, on the contrary, I sustained heavy losses to the extent of ten or twelve lakhs of rupees. The transfer entries which the plaintiff objects to were made at the Deewalee of 1934. It is untrue they were made after the failure of the firm. Will pay required to the purchase of the 400 Fleming shares, I had paid two lakhs of rupees to Sakurchund Nagurdass to pay over to Nursey Kessowjee and Co. and receive the shares. Rs. 1,60,000 were paid for the 400 shares. I obtained a decree from Mr. Justice West a short time ago for about Rs. 27,000, the balance which Sakurchund had not spent in the purchase of the shares. I would not have let him have spent the money on the Fleming shares if I had any idea in the beginning of December, 1878, that the firm would fail. I guaranteed the general account of the firm with the Hongkong and Shanghai Bank, which obtained a decree against me in respect of the guarantee. The matter was referred to the Master, but I settled with the bank before the Master made his report. I made the settlement more than a year ago. As the result of that, I stood guarantee for them with the Bank of Bombay for two lakhs of rupees, of which I got nothing. In respect of the guarantee, I handed over my landed property to the Bank in January, 1879. The Bank sold the property at four annas in the rupee, and also sold my Bombay Bank shares. I paid the Bank Rs. 35,000 in cash, and Jairam Sewjee paid the bank on my account Rs. 12,000.

Cross-examined by Mr. Russell.—The firm sold hoondies for lakhs and crores of rupees without my endorsement. I kept all my moneys in my son's firm, because I could trust my son better than any other person. The following are evidences of the present of five lakhs of rupees I made to my son as his share in the firm's capital. The firm's books prior to 1928 were, I have heard, sold as waste paper.

The witness's cross-examination was not over when the court adjourned.

FIRST CRIMINAL SESSIONS.—FEB. 3.

(Before the Hon'ble Mr. Justice BAYLEY.)

CHEATING AND FORGERY.

KESHRINATH JANARDHAN, a clerk, and Felciano Pereira, a sailmaker, lately employed by Messrs. Mackinnon, Mackenzie and Company, the Bombay agents of the B. I. S. N. Company, were charged with forgery, cheating, and abetment of cheating. Mr. Inverarity, instructed by Messrs. Craigie, Lynch, and Owen, prosecuted; Mr. Lang and Mr. Kirkpatrick, instructed by Messrs. Hore, Conroy, and Brown, appeared for the first prisoner; and Mr. Branson, instructed by Messrs. Balkrishna and Bhugwandas, for prisoner No. 2. The hearing of the case was continued to-day.

After counsel had addressed the court on behalf o the defence, His Lordship summed up. He pointed out that the defence could not show that any other clerk than the first prisoner wrote the forged entries, or that it was the duty of any other clerk to make out the abstract bills which had been tampered with. The initials "W. P." affixed to one of those bills were not the genuine initials made by Mr. William Potts, but were forged by the first prisoner. His Lordship remarked that it was impossible for one man to have carried out the frauds, but that there was a conspiracy. It was urged on behalf of the second prisoner, Feliciano Pereira, that he was an illiterate man, unable to read or write, that and there was no evidence, except that of the shroff in the company's office in the Fort, to show that Pereira ever received more than his due, or that he always went in person to the office for the purpose of receiving payment. But considering all the circumstances of the case, his Lordship thought that Pereira went in person to the office to receive the large sums of money due to him, and that he dishonestly received much larger sums than were his due. Illiterate as he was, Pereira knew well that the payments he received in the months of June, July, and August last were far in excess of the actual amounts mentioned in the original bills made out by him.

The jury returned a unanimous verdict of "guilty" on all the charges preferred against the prisoners.

His Lordship, in passing sentence said, Keshrinath Janardhan and Felciano Pereira,—"You have been convicted, after a very careful trial, by a very intelligent jury, upon evidence which has left no doubt in their minds, that you are both guilty of a very impudent series of frauds. You have been convicted of three offences, and for every one of those three offences each of you is liable to be transported for seven years. It is not usual, however, in cases of this description to pass the full sentence which the law allows. But in a commercial city like this, where so many clerks are employed, it is necessary that the sentence to be passed on you must, if possible, be such as to prevent others from doing the like." The first prisoner was then sentenced to rigorous imprisonment for four years, and the second to three.

OLD OFFENDERS.

SUCCARAM DHONDOO, a cart-driver, stood charged with criminal breach of trust, in respect of three boxes and two bales of piece-goods, of the collective value of Rs. 213 and odd, and Jetha Adurjee and Balla Heera were charged with voluntarily assisting the first prisoner in disposing of the stolen property.

It appeared on evidence that Gunput Nowrungia, a linucoadium, employed his servant to hire a cart and take the goods to the Carnac-bunder station for transmission up-country. The man accordingly hired the cart of the first prisoner, whose name and number he took down on a slip of paper. The cart-driver committed a breach of trust, inasmuch as he failed to carry the goods to their destination. The police easily discovered the missing property in possession of the first prisoner, who pleaded guilty to the charge preferred against him. He was an old offender, as also was the second prisoner, Jetha. Nothing was known of the third prisoner Balla, against whom the evidence was not found to be conclusive.

The jury, after a short deliberation, returned a verdict of "guilty" against the second prisoner by a majority of seven to two, and found the third prisoner "not guilty."

His Lordship, in passing sentence upon the first prisoner, remarked that his career for the past nineteen years was very disreputable, he having been convicted and sentenced to various terms of rigorous imprisonment by judges and magistrates. He was, therefore, sentenced to transportation for ten years. The second prisoner, Jetha, an equally bad character, was sentenced to rigorous imprisonment for four years.

The Sessions were adjourned until Monday.

SMALL CAUSES COURT.—FEB. 3.

(Before Mr. HART, First Judge.)

BREACH OF A SHIPPING CONTRACT.

ABDULLA HAJI TALUB *vs.* COOVERJI COWASJI JASSAWALLA AND OTHERS.

MR. DINSHA DAVAR, barrister, appeared for the plaintiff, Abdulla Haji Talub; and Mr. Hormusji Dadabhoy, pleader, conducted the defence for Cooverji Cowasji Jassawalla and others.

This was a suit in which the plaintiff claimed to recover Rs. 1,000, being the amount of damages sustained by him on account of a breach of contract on the part of the defendant. It appears that the plaintiff chartered, about September last, the s. s. Pearl for Rs. 14,000 to carry 244 pilgrims as passengers to Jeddah.

Mr. Davar contended that previous to the signing of the charter-party the defendants, who are the owners of the steamer, had agreed to shut in 12 berths in the saloon by plank partitions with doors, in order to adapt the saloon to the requirements of Mahomedan ladies going for Haj. This was not done, and in consequence the plaintiff could not sell 10 first-class berths were sold, and for the rest the complement of passengers was made by taking ten deck passengers.

Mr. Hormusjee at the outset contended that as the alleged agreement had not been inserted in the charter-party, under Section 92 no oral evidence was admissible to prove it.

Mr. Davar called the attention of the court to the 5th proviso of the same section, and submitted that the agreement they desired to set up was not inconsistent with the terms of the charter-party.

His Honour overruled the objection raised by Mr. Hormusjee, and allowed the evidence to be gone into.

By the evidence of a Customs Surveyor and Captain Clarke it was established that had the plank partitions been put up in the saloon, the defendants could not have been able to carry their full complement of 244 passengers.

At the close of the plaintiff's case His Honour remarked that, as far as he could judge, the admitted facts and the probabilities in the case were against the existence of such a contract as that sought to be established by the plaintiff, and therefore he would enter a verdict in favour of the defendant.

Read letter from the Joint Secretary to Government, P. W. D. (Railway), dated 23rd January, intimating that Government are not prepared to entertain the Trustees' proposal for constructing a road, from Arthur Crawford road to the goods' terminus at Wari-bunder, outside railway limits, at the expense of the Railway Company. Resolution.—The road should be constructed by the Trustees.

GOVERNMENT GUARANTEE OF THE TRUST DEBENTURES.

Read Government Resolution No. 49, dated 28th January, forwarding a communication from the Government of India, explaining the reasons which have induced them to permit the local Government to guarantee Trust debentures to take the place of the dock loan and of the original capital debt, and intimating that it must be clearly understood that the Government has no intention of permitting a State guarantee to be extended to any future debt of the Trust. Government request that a Bill to give legal effect to the arrangement now sanctioned be forwarded for submission to the Governor-General in Council as soon as possible. Resolution.—The Trustees' solicitor should be requested, with the aid of counsel, to prepare the necessary Bill with the least possible delay. As the Bill will ultimately have to be approved by the Government law officers, the solicitor should be instructed to entrust its preparation to the Hon'ble the Advocate-General, so as to save time hereafter.

IRRIGATION IN TRAVANCORE.—The Dewan of Travancore addressed the Madras Government a short time ago, and requested that the services of an efficient Irrigation officer from the Madras Public Works Department might be placed at the disposal of the Travancore Government for supervising and carrying out certain very important works in connection with the irrigation of the country. He suggested that Col. J. Mullins, R.E., Chief Engineer for Irrigation, might be allowed to proceed to Travancore, and undertook that his pay and allowances for the period of his stay would be disbursed by the Travancore Government. The Madras Government have, however, informed him that they regret they could not spare the services of Colonel Mullins, but would permit Colonel H. Mead, R. E., Superintending Engineer, Coimbatore, to undertake the work, and have accordingly directed that officer to place himself under the Travancore Government for duty in that State.—*Madras Times.*
